

Memorandum

To: Peter McNamee, Executive Director Date: October 24, 2002

From: Charles Rufo, Manager
Peter DeMauro, General Counsel Analyst: R. Hernandez

Subject: Amendment One for **Worldwide Educational Services of California, Inc. (SET) (HUA)**
(www.wesoc.com)

CONTRACTOR:

- Multiple Employer: Training Agency
- Training Project Profile: Job Creation: Training of Unemployed Workers
Training in High Unemployment Areas of California
- Legislative Priorities: Displaced/potentially displaced workers
- Type of Industry: Various Industries
- Repeat Contractor: Yes
- Union Representation: No
- Name and Local Number of Union representing workers to be Trained: N/A

CONTRACT:

- Program Costs:
 - Present Program Costs:** \$578,629
 - Amendment Program Costs +:** \$93,698
 - Total Program Costs:** \$672,327
- Multiple Employer Support :
 - Present Contract Support (8 %):** \$36,981
 - Amendment Support (8 %):** \$5,983
 - Total Support :** \$42,964
- In-Kind Contribution:
 - Present Contribution:** \$415,796
 - Amendment Contribution +:** \$63,043
 - Total Contributions:** \$478,839
- Total ETP Funding: \$715,291
- Maximum Contractor Charge: 0 per trainee
- Reimbursement Method: Fixed-Fee Other

- County(ies) Served: Contra Costa, San Joaquin, Santa Cruz, Stanislaus
- Duration of Agreement: 24 Months

ACTIVE PROJECTS:

The following are current project statistics:

Agreement No.	Term	Agreement Amount	Number To be Retained	Number Enrolled	Number Completed Training	Number Hired (Complete for new hires only)	Number retained for 90 days
ET03-0147	9/3/02-9/2/04	\$615,610	128	*0	*0	*0	*0
ET01-0117	11/7/00-11/6/02	\$986,230	210	**188	**177	**105	**42

*Training began in September and to date there are no statistics available.

**The Contractor reports that out of the 188 enrolled, 9 have been dropped, 177 have completed training. Based on ETP records and the number of active trainees remaining, it is estimated that the Contractor may potentially earn \$746,379 (76 percent), of the funds encumbered.

NARRATIVE:

This project was approved by the Panel at its August 2002 meeting to train and place one hundred twenty-eight unemployed individuals under two funding categories: (1) Fifty-five individuals who are receiving unemployment insurance benefits or recent exhaustees under ETP standard new-hire funding; and (2) Seventy-three unemployed individuals under Title 22, California Code of Regulations (CCR), Section 4409, Special Employment Training (SET) Projects (a) (5).

The Contractor initially requested a larger ETP contract consisting of 200 new-hire trainees. Due to negotiations during contract development, the number to be retained was reduced to 150, although the employer demand demonstrated the need to train additional trainees. Staff had been concerned with the possible duplication of an existing apprenticeship program for broadband/cable & satellite installer so those trainee slots were removed. However, just prior to the August Panel meeting, staff learned from the Northern California Sound & Communication JATC, that no duplication existed. Therefore, WES added trainee slots for these Broadband positions but had to remove trainee slots from other Jobs so the contract amount, as amended, would not be exceeded. Thus, trainees will be added to existing Jobs 3-5, 11, and 12 to restore the size of the Agreement based on the employer demand.

Staff has determined that the Amendment does not alter the original intent of the Agreement, as these additional trainees will receive the same type of training as approved by the Panel. The ETP Monitoring Analyst has recommended this Amendment for approval.

Employer Demand

The training was developed in response to the needs of employers in the medical, financial products, and telecommunications/broadband/electronics industries. Worldwide staff determined that these industries represent growth areas and also represent industries in need of skilled employees. This determination is based on a needs assessment conducted by WES staff. The assessment covered current and future employment needs, reviewed existing and/or proposed curriculum, and emphasized employer curriculum

Employer Demand (continued)

requirements. In addition to the needs assessment, a group of employer advisors provide curriculum review on a quarterly basis. Employers representing the medical industry are represented by Med America Billing Services and Dermatology Surgical Medical Group. The financial products services industry is represented by Bay Area Title Service and Providian Financial Group. Digital Green and Laser Raider represent the telecommunications/broadband/electronics industry.

The customized curriculum has been developed using input from the employer advisory group and the needs assessment. The curriculum includes specific concentrations for each industry, customized computer applications, industry terminology, and industry standard processes defined by participating employers. The curriculum also contains workplace simulations which replicate the conditions and problem solving situations encountered by employees in each industry. Employers also provide continuous feedback through on-site visits, class presentations, and interviews.

Justification of High Cost

The Panel approved a negotiated rate between \$13.59 to \$13.91 per hour due to the customization of this training program, plus the allowable eight percent support costs, and funded the training program as follows:

- Medical Assistant I/Medical Front Office - \$4,347 (300 hours); \$5,651 (390 hours);
- SET - Medical Assistant I/Medical Front Office - \$4,411 (300 hours); \$5,734 (390 hours);
- Bookkeeper, Account Clerk - \$3,036 (210 hours); \$3,904 (270 hours); \$5,639 (390 hours);
- SET - Bookkeeper, Account Clerk - \$3,079 (210 hours); \$3,958 (270 hours); \$5,718 (390 hours);
- Telecommunications/Broadband/Electronics - \$4,385 (300 hours); \$5,701 (390 hours); and
- SET - Telecommunications/Broadband/Electronics - \$4,440 (300 hours); \$5,772 (390 hours).

WES's justification for this high cost is based on two factors: (1) the high number of training hours required for individuals who lack experience, and; (2) the trainee's potential wage increase and upward career mobility. The first factor takes into account language barriers and learning difficulties, in addition to lack of work experience. Officials at WES state that the breadth and diversity of the programs require extensive training. The second factor considers longitudinal studies conducted by WES during the 18 months following the completion of training. The studies, according to WES, indicate trainees' wages increase from \$10.50 per hour by 25 percent (\$13.13) to 35 percent (\$14.18) in these industries. WES has also tracked career mobility. The tracking indicates that medical front office assistants are promoted to office manager or department supervisor, account clerks, payroll clerks and bookkeepers advance to office manager or supervisor, and telecommunication installers are regularly promoted to head supervisor or manager positions.

In addition, staff recommended and the Panel approved a negotiated rate between \$13.59 and \$13.91 per hour due to the customization of this training.

Supplemental Nature of Training

Each of the companies in the core group of participating employers for this project has limited resources and thus is not in a position to provide the level of training that is included in this proposal to prospective

NARRATIVE: (continued)

new employees. This program will supplement and not supplant existing training programs because this is a new-hire training program for unemployed individuals.

In-Kind Contribution

The in-kind contribution for the initial Agreement consisted of trainees' wages paid during the employment retention period of approximately \$366,796 (\$11.94 for 240 hours [six weeks]), and \$49,000 in equipment and material for a total in-kind contribution amount of \$415,796.

The in-kind contribution for the additional 22 trainees included in this Amendment consists of trainees' wages paid during the employment retention period of approximately \$63,043 (\$11.94 per hour for 240 hours).

The total in-kind contribution is \$478,839.

COMMENTS:

Training in Areas of High Unemployment/Wage Waiver Request

WES was approved by the Panel for a High Unemployment Area wage waiver of \$8.50 per hour for 18 of the 73 trainees located in for San Joaquin and Stanislaus Counties, and the cities of Richmond/San Pablo and Watsonville which are recognized as high unemployment areas within California. After the completion of training, their base hourly wage must increase by at least 5 percent to a minimum of \$8.93 per hour (if no cost of living allowance has been given), with one year. However, the trainees to be added through this Amendment will earn between \$10.50 to \$15.00 per hour and will not need a wage waiver.

ETP 100B – Participating Employers

The original ETP 100B (Participating Employer List) is included because it demonstrates an employer demand for 92 trainees, which is more than 50 percent of the number to retain (150).

PROPOSED ACTION:

Staff recommends the Executive Director approve this Amendment if funding is available and the project meets the Panel priorities. This recommendation is based on the fact that WES will provide 150 unemployed individuals with the skills necessary to obtain employment in industry specific occupations as Medical Administrative Assistant, Medical Front Office, Medical Billing/Coding, Payroll/Billing Clerk, Loan Processor, Bookkeeper, Accounts Payable/Receivable Clerk, Broadband/Cable Installer, Electronic Assembler, Electronic Service Technician, Electronic Tester, and Satellite Installer.

TRAINING PLAN:

Grp/Trainee Type	Types of Training	No. Retain	No. Class/Lab Videocnf. Hrs	No. CBT Hrs	No. SOST Hrs.	Cost per Trainee	Hourly Wage after 90 days
New-Hire 1-5	Business Skills Computer Skills	42	210 - 390	0	0	\$3,036 - \$5,651	*\$10.50 - \$15.00
11 & 12	Commercial Skills, Computer Skills	35	300 - 390	0	0	\$4,385 - \$5,701	*\$10.50 - \$15.00
<u>SET HUA:</u>							
New-Hire 6-10	Business Skills Computer Skills Literacy Skills	48	210 - 390	0	0	\$3,079 - \$5,734	*\$8.50 - \$12.00
13 & 14	Commercial Skills, Computer Skills, Literacy Skills	25	300 - 390	0	0	\$4,440 - \$5,772	*\$8.50 - \$12.00
					<u>Range of Hourly Wages</u> *\$8.50 - \$15.00		
					<u>Prevalent Hourly Wage</u> \$10.50		
					<u>Average Cost per Trainee</u> \$4,769		
<u>Health Benefit used to meet ETP minimum wage:</u> *Health, dental, and vision benefits will be added to trainee wages to meet the ETP minimum hourly rate of \$10.14 for Alameda, Contra Costa, Marin, San Francisco, San Mateo, and Santa Clara Counties; and \$9.12 for all other Counties.					<u>Turnover Rate</u> The turnover rate of each participating employer should not exceed 20 percent annually unless other data is submitted to substantiate a waiver.	<u>% of Mgrs & Supervisors to be trained:</u> N/A	

MENU CURRICULUM
MEDICAL / HEALTH INDUSTRY

Job 1 & 6 - 300 hours

Job 2 & 7 - 390 hours

1. Overview – Medical / Health Industry
 - A. Health Maintenance Organization (HMO) / Personal Physician Organization (PPO) Environment
 - B. Terminology
 - C. Applications / Major Concentrations
 - D. Employee duties / Safety Considerations
2. Systems Administration and Networking
 - A. Customized software review
 - B. Software applications
 - C. Integrated software systems & applications
 - D. Types of systems/configuration
 - E. Maintenance
 - F. Software diagnostic tools
3. Procedures / Operations Support
 - A. Medical Front Office Procedures / Office Practices
 - B. Software Concentrations incl. Medisoft or equiv.
 - C. Website development incl. html, Java
